January 23, 2016

All Community Clean-Up days are from 8:00 a.m. to 3:00 p.m.

Please note that free dumping at the landfill will no longer be a part of our Community Clean-Up Day events. Regular landfill fees will apply at all times.

- **Shred Fest** - Protect your identity. Shred your personal documents for free. Bring your papers to the south parking lot of City Hall (across the street from the Post Office).

- **Household Hazardous Waste** - Our Household Hazardous Waste Site, 246 S. Willow, will accept your used motor oil and filters, paint, household cleaners, pesticides, weed killers, batteries, syringes, fluorescent bulbs, medications and other household chemicals. **We can not accept explosives, medical waste, abandoned waste, or business waste. This site is free to all residents of San Bernardino County.**

- **Used Tires** - **Rialto City residents** can bring up to 9 used tires to the Public Works Office at 335 W. Rialto Ave on Community Clean-Up days free of charge. We will not accept tires from businesses, including semi-trucks.

- **Electronic Waste** - Bring your televisions, microwaves, computers and monitors, and other electronics to the south parking lot of City Hall to be recycled. **Businesses are welcome.**

- **Usable Items** - The Salvation Army will be accepting usable household items (such as clean clothing, shoes, furniture, sports equipment, etc.) also in the south parking lot of City Hall.

**Questions? Call 909-421-7221**

---

**Residential Christmas Tree Collection**

Burrrtec will collect and recycle Christmas trees from single-family residences. Please place your tree at curbside during the period after Christmas (December 26, 2015 through January 8, 2016) on your collection day. Trees 6' and over need to be cut in half. Please take all ornaments, lights, and metal stands off of the tree. Flocked trees will not be recycled. They will be collected as trash. Flocked trees 6’ and over need to be cut in half.

---

**Extra Holiday Trash**

Approximately 80% of your holiday trash is recyclable. All gift boxes, wrapping paper, greeting cards, and cardboard packaging are items that may be placed in your recycling barrel. Burrrtec will collect your excess holiday trash and recyclables beginning December 26, 2015 through January 2, 2016. Place excess holiday trash/recyclables in bags alongside your containers on your collection day.

---

**Winter Storm Weather**

Storms with heavy rainfall may cause debris flows and many other issues in our streets. In order to prevent trash and recycling carts from adding to the issue follow these guidelines:

1. Be aware of storm and windy weather forecasts.

2. Be aware of potential storm water flows in and around your property.

3. Avoid placing carts and bulky items where flows can create hazards. In swift moving waters, these items can float and rush out into the street.

4. Place trash and recyclables in bags and then in carts. This will minimize spillage onto city streets.

If you have any questions, please contact our Customer Service Department.

---

**New Item for Recycling- CARTONS!**

We are now accepting cartons for recycling. This exciting addition to our programs and services will allow our customers to recycle more!

**What are cartons?**

Cartons are the packaging for many products you can find at the store including milk, juice, cream, egg substitutes, soy milk, soup, broth, and wine. They come in two different types—the aseptic or shelf stable cartons found on store shelves as well as the familiar gable-top, refrigerated cartons.

**How do I recycle cartons?**

Place empty cartons in your recycling bin.

**What happens to the cartons I recycle?**

Cartons are sorted and baled at Burrrtec’s Material Recovery Facility. The bales of cartons are sold to paper mills. Here, fiber in the cartons is converted into pulp, which in turn is made into recycled paper products and building materials.

**Why should I recycle cartons?**

Cartons are made mainly from paper, plastic and some aluminium. All of which are recyclable! Recycling cartons helps to save those resources, which is good for our environment.
Lions Club… Special Eye Glasses Collection

According to the World Health Organization, 153 million people have uncorrected refractive errors (near-sightedness, far-sightedness or astigmatism). Most of these vision impairments are quickly diagnosed and are easy to treat with corrective lenses.

Still, millions of people around the world are pushed deeper into poverty simply because they don’t have glasses. They can’t learn because reading is difficult. They can’t work to the best of their ability because they can’t see clearly.

It costs Lions less than $0.08 to provide a pair of recycled eyeglasses and change someone's life.

For children, clear vision means a better education, healthier development and a better quality of life. For adults, it means greater employment opportunity and economic strength. For seniors, it means less dependence on others.

Lions Clubs collect millions of eyeglasses each year to address the need for glasses, making eyeglasses recycling one of the most popular activities.

By donating glasses, you too can change someone’s life. Drop off your usable eye wear and give the gift of clearer vision. City staff will be on hand to accept your donations on the next Community Clean-up Day.

January 23, 2016
8 a.m. – 3 p.m.
Rialto City Hall, South Parking Lot
150 S. Palm Ave.

For more information on this collection, call the Rialto Waste Management Office at 909-421-7221.
For more information about the Lions Club visit http://www.lionsclubs.org/EN/about-lions/index.php
Burrtec provides street sweeping services **twice a month** in order to assist the City of Rialto in maintaining clean streets and improve the environment. This service is provided at no additional charge to residents in the City of Rialto. In order to improve street sweeping, **new street sweeping days and routes have been implemented. This change will take effect February 1, 2016.** Please see map and new street sweeping day if your area has been affected by this change. For a map of the new street sweeping schedule, please visit, [http://www.rialtoca.gov](http://www.rialtoca.gov).

Remember to move vehicles parked at the curb on your street sweeping day. It is also important for you to remind any service providers at your home or business (gardener, pool cleaner, etc.) of the street sweeping schedule and that their vehicle cannot be parked on the street.

Why clean the streets? The City of Rialto is responsible for implementing Best Management Practices to reduce the amount of pollution reaching its storm drains which lead to the Santa Ana River and eventually the ocean. Regular street sweeping is one of the most cost-effective Best Management Practices used to remove sediment, metals, petroleum products, litter and vegetation which accumulate on streets and gutters. Keeping the streets and storm drains clear not only helps to mitigate water pollution, but also reduces the likelihood of flooding during heavy rain. The City and Burrtec are committed to enhancing the community and the environment for residents and businesses. Join us by participating in these efforts!

- Pick up litter when you see it outside of your trash and recycling barrels
- Do not blow green waste materials (leaves, grass clippings) into the street
- Participate in the City of Rialto’s Community Clean Up Days
- Do not allow automotive fluids to enter the gutter when servicing your vehicle
- Use your bulky item pick up service instead of leaving items to be scavenged at the curb
- Do not rinse paint from brushes or rollers into the gutter
- Report illegal dumping
- Use your trash, recycling and green waste barrels; do not allow materials to accumulate
- Report scavengers illegally taking materials from your barrels
- Sweep driveways and sidewalks instead of hosing them down

**NO PARKING ON STREET SWEEPING DAYS**

*Questions on sweeping please call Burrtec at (909) 877-1596*
