Earth Day Everyday!
We can make Earth Day everyday through small changes that have a big impact. Make sure you are recycling correctly. Keep the Recycling List on your refrigerator for reference. Use reusable bags, instead of single use. Donate used clothes, home goods, small appliances to thrift stores or other charitable organizations that can reuse them. Start a backyard composting pile, this is an inexpensive way to make your own soil amendments for gardening and cuts down on the amount of food waste that goes into your trash barrel. Celebrate the Earth by making a commitment to reduce waste, reuse materials and recycle all that can be recycled.

Bulky Item Pick-Up
Are you replacing an old sofa, water heater or refrigerator and don’t know what to do with it? We’ll take care of it. Residents can request up to two curbside collections of large or bulky items during a rolling 12 month period. Limit of five items per collection. This program also includes electronic waste. This program is FREE to our customers on Curbside collection and designed for your convenience. Please call our Customer Service Department one week prior to your scheduled collection day to arrange pick-up.
