Earth Day Everyday!

We can make Earth Day everyday through small changes that have a big impact. Make sure you are recycling correctly. Keep the Recycling List on your refrigerator for reference. Use reusable bags, instead of single use. Donate used clothes, home goods and small appliances to thrift stores or other charitable organizations that can reuse them. Start a backyard composting pile. This is an inexpensive way to make your own soil amendments for gardening and cuts down on the amount of food waste that goes into your trash barrel. Celebrate Earth Day by making a commitment to reduce waste, reuse materials and recycle all that can be recycled.

Spring Cleaning Tips

- ✓ Flatten cardboard boxes to create more room in your recycling barrel.
- ✓ Do not bag recyclable items.
- ✓ Utilize your bulky item pick-up services for e-waste and large items that do not fit in your trash barrel.
- ✓ No wipes down the pipes! Do not flush wipes or paper towels.
- ✓ Donate any unwanted items that are still in good condition. Remember that leaving donations outside of a closed center is illegal.

Collection Day Reminder

On collection day, please place your containers on the street, at the curb, or near the corner of your driveway. Handles of your containers should be facing your home. Containers should be placed one foot apart from each other and placed at least three feet away from any obstruction such as a fence, mailbox, or vehicle.

All containers must be curbside by 6:00 a.m. on your service day.

Scavenging is Against the Law

Scavenging is the removal of solid waste materials placed at a designated location for the purpose of collection and recycling by an authorized agent.

- For your safety, do not confront the scavenger.
- Get a description of the person and a vehicle description including license plate.
- Report the crime by contacting local Law Enforcement.

If You Change Your Own Oil, This Information Is For You

Recycle used motor oil and filters by delivering to a certified collection center. Seven collection centers exist in the Town of Apple Valley. Always avoid mixing used motor oil with any other fluids or substances.
