Tips for Living With Bears

Bears are attracted to anything smelly or edible, especially garbage. Bears are also attracted to beehives, orchards and gardens. Consider these tips to help make your home "bearproof":

- Deodorize garbage container with bleach or ammonia.
- Separate food waste by keeping it in an airtight container. Use a garbage disposal whenever possible. Freeze meat bones or other smelly items until pick-up day.
- Be sure to keep barbecue grills clean.
- Pick up fallen tree fruit, and put away food sources at night, such as pet food and bird feeders.
- Close windows at night on accessible ground floors and decks.
- Don't leave food in or near a windowsill or on a counter near an open window.
- Securely block access to potential hibernation sites, such as crawl spaces under decks or buildings.

Wildlife Deterrent Trash Barrels Available

Burrtec offers wildlife deterrent trash barrels to Bradbury residents for an additional monthly charge. Burrtec requires a minimum three-month subscription period for all issued barrels. The barrel has been constructed with a reinforced latching device that will prevent trash from spilling out of the barrel if tipped over by wildlife. These barrels will not entirely prevent a determined bear from prying open the barrel if the contents prove worth the effort.

If interested in ordering the barrels, contact our Customer Service Department.

Brush Clearance

Burrtec Waste Services would like to help Bradbury residents keep their homes fire safe by offering a 15% discount on temporary bin rentals during the brush clearance month of April. Call our Customer Service Department today for more information at (800) 325-9417.

Horse Manure Disposal

Manure must be hauled away weekly or fully composted in proper containers. Burrtec offers Bradbury residents manure recycling pickup services. Call Burrtec Customer Service for more information.

Reminder: Green waste bins are for green waste only. Do not mix manure into those containers.
