Enclosure Maintenance

Follow these simple tips to keep your business enclosures clean:

- Break down all cardboard. This helps prevent overflow that causes the wheels to get stuck and helps save room in the recycle bin for more recyclables.
- Pick up litter in and around your enclosure and parking lot. Ensure that no litter enters the streets or the storm drain system.
- If your bin is full before your next scheduled pickup, you can call Burrtec and request an additional pick up for an extra fee.
- Do not fill dumpster bins or compactors with liquid waste or hose it out. Keeping liquids out helps reduce leakage into the surroundings as well as reduces odor.
- Sweeping instead of hosing the enclosure with water not only conserves water, it also prevents any material from entering the storm drain system.

Organics Recycling, Are You In Compliance?

California Assembly Bill 1826 mandates that businesses, public entities, and multifamily residential dwellings (five or more units) generating 2-cubic yards or more of solid waste per week establish and maintain commercial organics recycling service. Organic waste means food waste, green waste, landscape and pruning waste, and non-hazardous wood waste.

The State requirements specify that applicable business waste generators:

- Separate organic waste from other waste and participate in a waste recycling service that includes collection and recycling of organic waste; or
- Recycle its organic waste on site, or self-haul its organic waste off-site for recycling.

Call our Customer Service office today to schedule a complimentary waste, recycling, and organics assessment.

Mandatory Commercial Recycling - Is Your Business in Compliance?

Assembly Bill 341 mandates businesses and public entities, generating 4-cubic yards of solid waste or more and multifamily residential dwellings with five or more units, to establish and maintain recycling service. Recycling helps to conserve our natural resources and landfill space. Burrtec Recycling Coordinators can assist in selecting the appropriate recycling service level, along with the necessary education and outreach to managerial staff. Call our Customer Service office today to schedule a complimentary waste and recycling assessment.

Holiday Schedule

Please note that services are interrupted on the following holidays:

Thanksgiving Day | Christmas Day | New Year's Day

When the holiday falls on a weekday, collections for the remainder of the week will be delayed by one day. There is no service interruption or delay when the holiday falls on a Saturday or Sunday.

YOUR SORTING GUIDE - WHAT GOES WHERE?
