- ✓ Newspaper
- ✓ Paper
- ✓ Paper tubes
- ✓ Phone books
- ✓ Plastic containers
- ✓ Plastic milk jugs
- ✓ Styrofoam products
- ✓ Tin cans
- ✓ Tissue boxes
- ✓ Wrapping paper

Attention Food Service Providers

Existing state law requires certain qualifying businesses to implement a recycling or organics recycling program. Effective July 1, 2020, Assembly Bill 827 now requires food establishments that provide trash containers for products purchased and consumed on the premises to also provide properly labeled containers for recyclables and food waste for materials purchased on the premises for immediate consumption. These containers must be placed adjacent to trash containers.

The new law applies to limited-service restaurants such as those restaurants where customers order and pay at the counter and bus their own tables after eating. The law will affect restaurants, malls, and other businesses that serve food. Full-service food establishments that do not provide access to trash containers for products consumed on the premises will be exempt, as food workers will likely separate food waste and recyclables in the dish washing areas.

Requirements

- AB 827 requires collection containers at the front-of-house to be visible, accessible, and labeled.
- This law affects businesses that sell products that are meant for immediate consumption.
- Full-service restaurants where employees bus and clean tables are exempt but must provide labeled collection containers adjacent to trash containers for employees/staff to separate recyclables and food waste.

For further information regarding this law, please visit <https://www.calrecycle.ca.gov>

Scavenging is Illegal

Whether it's called dumpster diving or scavenging, it is the unauthorized removal of solid waste materials. Removal of materials from a bin may increase the cost of collection services. Materials placed in a recycling bin have a value that is used to offset collection and processing costs. When a scavenger breaks the law and removes those materials they are also removing any value associated with the recycling program, which ultimately affects costs. If you see a scavenger, do not approach them! Report illegal activity to local law enforcement. Also, please help us help you. Do not give permission to scavengers to take recyclables.

Holiday Schedule - No service on these holidays

Memorial Day		Independence Day		Labor Day
Thanksgiving Day		Christmas Day		New Year's Day

When the holiday falls on a weekday, collections for the remainder of the week will be delayed by one day. There is no service interruption or delay when the holiday falls on a Saturday or Sunday.

- ✗ Raw meat & poultry
- ✗ Raw seafood
- ✗ Trash

Construction and Demolition Hauling Requirements

The City is required by state law to reduce the amount of material that is being hauled to landfills. In order to do this, the City created the Construction and Demolition Waste Diversion Program to divert material that can be used for recycling or reuse. Burrtec Waste Industries is the only authorized hauler in the City of Jurupa Valley. No unauthorized collection containers are allowed. If you are having work done on your building, please ensure that your contractor is aware of the provision.

For more information, call Customer Service at (951) 786-0639.

Mandatory Commercial Recycling - Is Your Business in Compliance?

Assembly Bill 341 mandates businesses and public entities, generating 4-cubic yards of trash or more and multifamily residential dwellings with five or more units, to establish and maintain recycling service. The City of Jurupa Valley adopted a Mandatory Commercial Recycling Ordinance No. 2019-22 in support of the recycling law. Recycling helps to conserve our natural resources and landfill space. Burrtec Recycling Coordinators can assist in selecting the appropriate recycling service level, along with the necessary education and outreach to managerial staff. Call our Customer Service office today to schedule a complimentary waste and recycling assessment.
