# BURRTEC NEWS

## WASTE AND RECYCLING NEWSLETTER

Sponsored by Burrtec Waste Industries for Rancho Cucamonga  
Commercial, Roll Off and Multifamily Customers

### HOW ARE BUSINESSES AFFECTED?

Under SB 1383, businesses are required to:

- Subscribe to organic waste collection service provided by Burrtec.
- Provide information to new tenants before or within 14 days of occupation of the premises.
- Prohibit employees from placing organic waste in a container not designated to receive organic waste.
- Ensure employees, contractors, tenants, and customers have access to an adequate number, size and location of containers with appropriate labels and container color.
- Provide containers for the collection of all waste streams including trash, food waste and recyclables in all areas where disposal containers are provided for customers, except for restrooms.
- Annually provide information to employees, contractors, tenants, and customers about organic waste collection requirements and proper sorting of organic waste.

### No Charge Bulky Item Pickup

Burrtec has implemented a Bulky Item Collection Program for all businesses at no additional cost. Items include illegal dumping or those items too big to fit in your bin or bin enclosure. Please contact our Customer Service Department at (909) 987-3717 to schedule a pickup.

#### ACCEPTABLE ITEMS

- ✓ Desk
- ✓ Chairs
- ✓ File cabinets
- ✓ Electronic waste
- ✓ Illegally dumped items
- ✓ Other misc. bulky items

#### NON-ACCEPTABLE ITEMS

- ✗ General Trash
- ✗ Dirt
- ✗ Concrete
- ✗ Rocks
- ✗ Treated Wood

✗ Hazardous Waste

Visit <https://sbcfire.org/smallbusinesshazardouswaste/> for proper disposal.

### Edible Food Donation Requirements

To comply with SB 1383, commercial edible food generators are required to 1) divert organics from the landfill and 2) recover the maximum amount of their edible food that would otherwise go to landfills. See reverse side of this document for information about landfill diversion. To reduce food waste and address food insecurity, businesses are now required to arrange via contract to donate edible food to food banks, soup kitchens, and other food recovery organizations and services to help feed Californians in need. Recovery of edible food applies only to commercial food waste generators listed below. Inspections have begun and will occur annually.

#### How does my location become compliant?

##### Step 1:

Secure written agreements or contacts with food recovery organizations that receive your donation.

##### Step 2:

Begin donating excess edible food.

##### Step 3:

Maintain donation records at business location to be submitted to your city.

#### Are you a Tier 1 or Tier 2 generator?

Tier 1	Tier 2

### Holiday Schedule - No service on these holidays

Christmas Day  
Independence Day  
Labor Day  
Memorial Day  
New Year's Day  
Thanksgiving Day

When the holiday falls on a weekday, collections for the remainder of the week will be delayed by one day. There is no service interruption or delay when the holiday falls on a Saturday or Sunday.

### Indoor Food Waste Collection

For a limited time, the City of Rancho Cucamonga is offering businesses indoor food waste collection containers to assist with separating food waste for recycling. The containers hold approximately 20 gallons and can be used in the kitchen. Supplies are limited and requests will be filled on a first come, first serve basis. If you have a business in Rancho Cucamonga and would like to request a free food waste container for your business, please use the QR Code to sign-up.

# State Required Contamination Monitoring of Recyclables

California state law SB 1383 requires jurisdictions to monitor trash, recycling, and organics barrels to minimize contamination. Trash and other contaminants in the recycling or organics collection container(s) could result in a fee and non-collection due to contamination. If contamination is found, contamination tags (as shown to the left) will be affixed to the container lid. After the first notice, customers may be charged a contamination fee and the container will not be serviced as recyclable; it will be subsequently serviced as trash. Please note: the contamination fee will be automatically assessed if hazardous or bio-hazardous materials are placed in any collection container. Not sure about what goes in each container? Contact our Burrtec Customer Service at (800) 889-1969 for assistance. As always, thank you for your continued support and cooperation!

## Attention Food Service Providers

Existing state law requires businesses that generate 4 cubic yards or more or 2 cubic yards or more of commercial solid waste per week to implement a recycling or organics recycling program. Effective, July 1, 2020, Assembly Bill 827 requires food establishments that provide trash containers for products purchased and consumed on the premises to also provide properly labeled containers for recyclables and organic waste (food waste) for materials purchased on the premises for immediate consumption. These containers must be placed adjacent to trash containers.

### Requirements:

- AB-827 requires collection containers at the front to be visible, accessible and labeled.
- This law affects businesses that sell products that are meant for immediate consumption.
- Full-service restaurants where employees bus and clean tables are exempt but most provide labeled collection containers adjacent to trash containers for employees/staff to separate post-consumer recyclables and organics.

## YOUR SORTING GUIDE - WHAT GOES WHERE?

**Black Bin/Barrel** is for trash

**BAG ALL TRASH - DO NOT ADD HAZARDOUS WASTE**

### BLACK CONTAINER GUIDE

**YES**
