BURRTEC NEWS

WASTE AND RECYCLING NEWSLETTER

Sponsored by Burrtec Waste Industries for City of Rialto Residents

Collection Day Reminder

On collection day, please place your containers on the street, at the curb, or near the corner of your driveway. Handles of your containers should be facing your home. Containers should be placed one foot apart from each other and placed at least three feet away from any obstruction such as a fence, mailbox, or vehicle.

Pro Tips:

- Place barrels out by 6:00 am on your scheduled service day
- Ensure barrels are accessible and not blocked
- Avoid overfilling
- Ensure recycling and organic waste barrels are free of contamination

The Holidays are Soon Approaching

Burrtec will collect and recycle Christmas trees from single-family residences. Please place your tree at curbside after Christmas on your collection day. Burrtec will provide this service for approximately 2 weeks after Christmas Day. Trees 6' and over need to be cut in half. Please take all ornaments, lights, and metal stands off of the tree. Flocked and Non-Flocked trees will be collected and recycled.

Extra Holiday Waste

Approximately 80% of your holiday trash is recyclable. Gift boxes, wrapping paper, greeting cards, and cardboard packaging may all be placed in your recycling barrel. Burrtec will collect your excess holiday trash and recyclables for approximately 1 week following the day after Christmas. You may place excess holiday trash/recyclables in bags alongside your containers on your scheduled collection day.

Senate Bill 1383

The California Senate passed a bill requiring a 75% reduction in organic waste disposal. All residences are required to participate in this program to recycle organic waste and food waste.

Organic Waste that decomposes in a landfill releases a significant amount of greenhouse gas emissions that contribute to public health and safety concerns such as asthma, global climate change, extreme weather, and natural disasters. By composting organic waste, instead of sending it to landfills, we can close the loop on sustainability while creating a nutrient-rich soil amendment that's ready for use in farms and gardens.

Tips to Prevent Food Waste at Home

- Plan ahead: Before you go to the grocery store or order out check the fridge and pantry for anything that needs to be cooked or that you already have and do not need to purchase.
- Serve smart: Aim to cook and serve the right portions for the number of people you are feeding.
- Store food wisely: Different foods require different conditions.
- Check your fridge often: Keep track of what you have and what needs to be used. Eat or freeze items before you need to throw them away.
- Use your freezer: Your freezer can help save your food and time.
