Extra Holiday Waste

Approximately 80% of holiday trash is recyclable. All gift boxes, wrapping paper, greeting cards, and cardboard packaging are items that may be placed in the recycling barrel. Burrtec will collect excess holiday trash and recyclables for a 1 week period after Christmas Day. Single-family residences may place excess holiday trash/recyclables in bags alongside their containers on collection day.

Christmas Tree Recycling

Burrtec will collect and recycle Christmas trees from single-family residences. Please place your tree at curbside after Christmas on your collection day. Burrtec will provide this service for an approximately 2 week period after Christmas Day. Trees 6' and over need to be cut in half. Please take all ornaments, lights, and metal stands off of the tree. Flocked and Non-Flocked trees will be collected and recycled.

Sustainability Update

FOOD WASTE Recycling Program and YOU!

The California Senate passed a bill to **improve air quality and reduce greenhouse gas emissions**. CalRecycle reports that landfilled organic waste (including food waste) decomposes in landfills and generates greenhouse gases contributing to global climate change. Starting in 2022, all California residents will be required to participate in a Food Waste Recycling Program in order to comply with **Senate Bill 1383**.

The City of Rialto has applied for a revised implementation timeline. Compliance with this program will prevent the City of Rialto from receiving significant fines and penalties of up to \$10,000 per day.

The food waste recycling program is scheduled to start in July, 2023. More detailed information will be available as the program nears. Stay tuned for more information!

Let's do our part and reduce food waste by donating edible food to food banks or food pantries.

Weather & Windy Days

Weather conditions cause problems with the collection of trash and recyclables. Containers frequently tip over, causing spillage and materials to be strewn throughout streets and neighborhoods. In an effort to assist in the prevention of these situations please:

- Bag and tie trash and/or recyclables before placing in barrels – This will make clean-up efforts easier should the barrels blow over.
- Avoid placing trash and/or recycling out on windy days – If possible; do not set your trash or recyclables out for collection on windy days. Bag any excess trash and recyclables that will not fit in your barrel and Burrtec will collect all accumulated bags along with your containers on your next scheduled collection day.

Thank you for your assistance in keeping Rialto neighborhoods clean.
