- ✓ Newspaper
- ✓ Paper
- ✓ Paper tubes
- ✓ Phone books
- ✓ Plastic containers
- ✓ Plastic milk jugs
- ✓ Styrofoam products
- ✓ Tin cans
- ✓ Tissue boxes
- ✓ Wrapping paper

HOW ARE BUSINESSES AFFECTED?

Under SB 1383, businesses are required to:

- Subscribe to organic waste collection service provided by Burrtec.
- Provide information to new tenants before or within 14 days of occupation of the premises.
- Prohibit employees from placing organic waste in a container not designated to receive organic waste.
- Ensure employees, contractors, tenants, and customers have access to an adequate number, size and location of containers with appropriate labels and container color.
- Provide containers for the collection of all waste streams including trash, food waste and recyclables in all areas where disposal containers are provided for customers, except for restrooms.
- Annually provide information to employees, contractors, tenants, and customers about organic waste collection requirements and proper sorting of organic waste.

Call our Customer Service office today to schedule a complimentary waste, recycling, and organics assessment.

State Required Contamination Monitoring of Recyclables

California state law SB 1383 requires jurisdictions to monitor trash, recycling, and organics barrels to minimize contamination. Trash and other contaminants in the recycling or organics collection container(s) could result in a fee and non-collection due to contamination. If contamination is found, contamination tags (as shown to the left) will be affixed to the container lid. After the first notice, customers may be charged a contamination fee and the container will not be serviced as recyclable; it will be subsequently serviced as trash. Please note: the contamination fee will be automatically assessed if hazardous or bio-hazardous materials are placed in any collection container. Not sure about what goes in each container? Contact our Burrtec Customer Service at (909) 797-9125 for assistance. As always, thank you for your continued support and cooperation!

BURRTEC
The "It's Easy Care" of It

IMPORTANT!

We recently observed contamination in your container. Checked below:

<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
We found the following contamination:					
<input type="checkbox"/>	1. Trash	Solid or animal waste, plastic bags, newspapers, diapers			
<input type="checkbox"/>	2. Recyclables	Rigid plastics, glass, metal, paper and cardboard			
<input type="checkbox"/>	3. Food Waste	Includes food-soiled paper			
<input type="checkbox"/>	4. Green Waste	Must be untagged			
<input type="checkbox"/>	5. Electronics or Hazardous Waste	Batteries, gases, chemicals are not allowed in any container			

Future contamination may lead to the container not being serviced and/or extra fees on your account. Please call our office if you have any questions. Thank you!

*Such as fast food wrappers and pizza boxes

Attention Food Service Providers

Existing state law requires certain businesses to implement a recycling and organics program. The law which went into effect July 1, 2020, requires food establishments that provide trash containers for products purchased and consumed on the premises to also provide properly labeled containers for recyclables and organic waste (food waste). These containers must be placed adjacent to trash containers.

AB 827 applies to limited-service restaurants such as those restaurants where customers order and pay at the counter and bus their own tables after eating. The law will affect restaurants, malls, and other businesses that serve food. Full-service food establishments that do not provide access to trash containers for products consumed on the premises will be exempt, as food workers will likely separate post-consumer food waste and recyclables in the dish washing areas.

Highlights:

- AB 827 requires collection containers at the front-of-house to be visible, accessible and labeled.
- This law affects businesses that sell products that are meant for immediate consumption.
- Full-service restaurants where employees bus and clean tables are exempt but must provide labeled collection containers adjacent to trash containers for employees/staff to separate post-consumer recyclables and organics.

For further information regarding this law, please visit <https://www.calrecycle.ca.gov>
