Top 5 Items to Keep OUT of the Recycling Bin

Here are the top 5 items that should never be placed in the recycling bin:

- 1. No garden hoses.** Despite being made from rubber, vinyl, or a combination of both, this item still belongs in the trash.
- 2. No diapers.** Diapers should be placed in your trash bin.
- 3. No hazardous waste.** This means no paint, motor oil, batteries, syringes, needles, etc. Hazardous Waste places our facility staff at risk. Do not place into any of your Burrtec collection containers.
- 4. No pet food bags.** The wax coating prevents the bags from breaking down in the recycling process, so pet food bags go into the trash bin.
- 5. No electronic waste.** These items are best recycled through a proper e-recycler.

Remember to keep the blue barrel free of contamination!
