

ORGANICS RECYCLING, ARE YOU IN COMPLIANCE?

California Assembly Bill 1826 mandates that businesses, public entities, and multifamily residential dwellings (five or more units) generating 2-cubic yards or more of solid waste per week establish and maintain commercial organics recycling service. Organic waste means food waste, green waste, landscape and pruning waste, and non-hazardous wood waste.

The State requirements specify that applicable business waste generators:

- Separate organic waste from other waste and participate in the City's waste recycling service that includes collection and recycling of organic waste. Call Burrtec to subscribe; or
- Recycle its organic waste on site, or self-haul its organic waste off-site for recycling, or;
- Donate to an eligible recipient.

Call our Customer Service office today at (661) 222-2249 to report your compliance or schedule a complimentary waste, recycling, and organics assessment.
