

## MANDATORY SOLID WASTE COLLECTION SERVICE 2025 FEE WAIVER PROGRAM OVERVIEW

Residential Solid Waste Collection Service is Mandatory in designated unincorporated areas of San Bernardino County. Customers are invoiced for services quarterly based on the minimum service requirement or their service level selection. Customers with vacant homes or infrequent use may apply for a Fee Waiver. Fee Waivers are granted once per year for qualified months in the prior year where a household is at or below a six (6.00) kilowatt-hour (KwH) daily average of electrical use for any given month requested.

Customers who have met the requirements of the Fee Waiver Program will receive a credit or refund equal to fees paid for qualified months. Customers may not qualify for the Fee Waiver Program during any month they utilize the waste/recycling collections programs.

In order to receive credit or refund consideration for the previous year's qualified months, the Fee Waiver Application must be completed and sent to Burrtec Waste and Recycling. The Application Fee will be assessed whether the Fee Waiver Application is approved or not.

### Requirements For Fee Waiver Requests:

Submittal of qualified monthly electric bills (showing the service address) for **each** month being considered (electric bills from the prior calendar year that show an average daily use of 6.00 kwh or less for each qualifying month).
